BAUSCH & LOMB - CASE STUDY

Solutions

- Our team suggested a new-age modular setup of Luminy and Creeya after brainstorming to suit the requirement of Bausch & Lomb.
- Our modular yet sleek and stylish booth layouts were perfect for achieving consistency in branding and display.
- We offered modular solutions to them to ensure optimizing space irrespective of the city.

Cities

- Delhi, Chennai, Kolkata, Indore, and Gurugram

Results

- Modular solution that was reconfigured 7 times in different sizes.

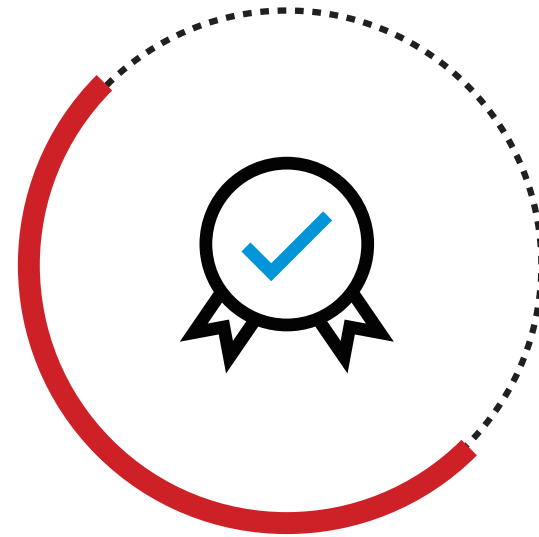

Target Audience

- Doctors, Vendors, and Distributors.

Challenges

- The client required portable and modular kits to reconfigure while targeting multiple cities.
- Height variability with a maximum 2 number of machine displays was of top most concern for Bausch & Lomb.
- Bausch & Lomb required a unique yet conducive layout that would allow them to target shows at a pan India level.

QUALITY AND SERVICE SUPPORT

100% Pre-Build Guarantee

Your stall will be pre-built at one of our pre-building facilities in Vasai or Gurugram for quality assurance.

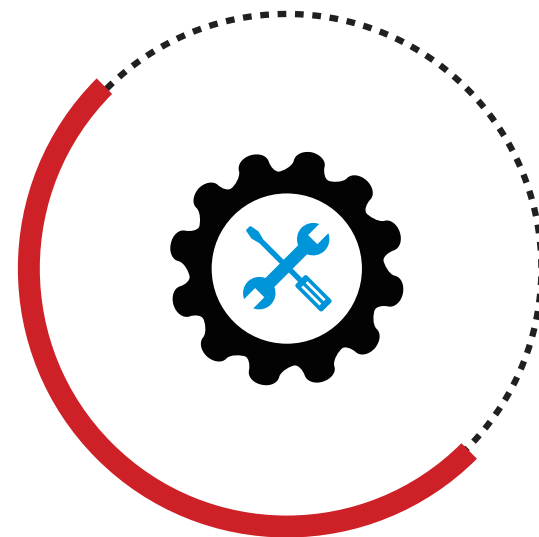

We will send you the pictures so that you get a preview of your stall well before your exhibition.

Set up Tutorials

You can watch our online video tutorials which contain stepwise instructions on how to install and dismantle your self-build exhibition stand.

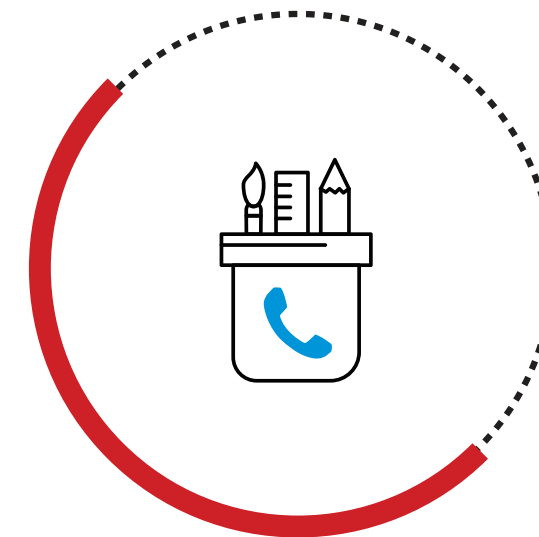

We also create free of cost set up instructions for every design on request.

After-sales service

In case any part of your Expo Prestige system stops working or gets worn out, we are just a call away to replace that part for you.
